MEMORANDUM FOR: Senior Training Officer, O/DCI

STAT

SUBJECT: Commentary on two Courses in
the Agency's Training Program

The undersigned has recently attended the CIA/OTR
sponsored activities entitled:

- a. Introduction to Intelligence
- b. The Managerial Grid Seminar

Commentary

a. The course entitled Introduction to Intelligence
should be reviewed with regard to content, efficiency, the
people to attend the course, and security. I am not satisfied
that this course was worth the time.

b. The Managerial Grid Seminar is excellent. Top
Agency and OTR management should strongly support this
program with the view that eventually all professional employees
should be considered for attendance.
